Implementation Partner Onboarding

This month (June 2023) JSI and partners will be onboarded and start pull forward work.

- The selected partners are:
  - John Snow Institute (lead)
  - Center for Excellence in Primary Care
  - Institute for Healthcare Improvement
  - Center for Care Innovations
  - AllianceChicago
- These organizations will participate in 10 onboarding meetings providing overviews in all facets of PHMI
- Pull forward work for summer 2023
  - Approach to equity
  - Approach to social health
  - Begin development of Population of Focus Implementation Guides
  - Begin planning for Innovaccer Wave 0 adoption

Planning for In-Person/Hybrid Stakeholder Meetings in 2023 & 2024

All Stakeholder PHMI Convening (Hybrid)

Purpose
To foster collaboration, build knowledge and confidence, and strengthen partnership among diverse stakeholders around PHMI implementation

Goals
To discover new learnings from CHC PHMI teams, facilitate conversations on *Building the Foundation* areas, and communicate PHMI's evolution and plans for the Practice Transformation phase

Key Stakeholders
3-5 representatives per CHC, RAC, CPCA, MCPs, DHCS, PHMI program team

Date and Location
Exploring options with California Primary Care Association and Department of Health Care Services

RAC Convenings + CHC Site Visits (In-Person or Hybrid)

Purpose
To foster collaboration among CHC PHMI teams and build awareness on regional needs and assets around PHMI implementation

Goals
To seek new learnings from each RAC and CHC PHMI team, and learn about successes, challenges, and best practices around PHMI implementation

Key Stakeholders
CHC Leadership & PHMI Team Members, RAC, PHMI program team

Date and Location
Identifying options with RACs

Transition to PhmCAT Presentation

Thank you!

Population Health Management Initiative (PHMI), a partnership of the California Department of Health Care Services, Kaiser Permanente, and Community Health Centers.
